Dear Family

We would like to extend a warm welcome to the StädteRegion Aachen to you and your child and wish you all the best for your start in our Region!

The StädteRegion Aachen places great value on being family and child-friendly. This is why it is important to us that you and your child feel welcome and can get support if you need it.

Apart from helpful information, our employees of the Baby Visiting Service, Ms Förster and Ms Bittmann-Meiners, would like to give you a welcome bag in person. It contains information material about family and children as well as a small gift for your child.

Of course, this offer is free of charge and voluntary.

We hope that the welcome pack and the parents' guide "Hello, here I am" will be of some help to you as you start life together with your child.

You will find the time for the visit of our employee on the card. It would be helpful if you could tell our employees when you are available for a phone call. This will guarantee that you can be informed promptly if your appointment has to be changed.

Many thanks.

Best regards,
Your

Dr. Tim Grüttemeier
(Metropolitan Region Councillor)
